## EXPERIENCE

---

### ABC TECHNOLOGIES

#### FRONTEND DEVELOPER

*June 2020 - Present*

- Improved the analytics functionality of the product by increasing the available measurement filters by 8 from 3.
- Reduced the loading time of the features on the web app to under two seconds from three seconds.
- Worked in the User Navigation team building an in-app calendar in Ruby on Rails, GraphQL and React.JS which was living on the platform-wide top navigation bar.

### ACME INC.

#### PHP DEVELOPER

*April 2018 – May 2020*

- Guided and mentored 4 interns with 2 of the interns getting return offers.
- Used non-relational databases for an affiliate link system implementation growing the revenue contribution from affiliate marketing by 25% in the third quarter in 2019.
- Worked in collaboration with the code testers reducing the number of errors found in production relative to those in testing environment by 50%.
- An expert in system design and worked with the product design team, developing one of two features to be adopted on the platform bolstering the development velocity by 25%.
