EXPERIENCE

ABC TECHNOLOGIES

ENGINEERING LEAD

June 2020 - Present

- Decreased the number of patches to one in a month, increasing the predictability of software releases in Q3 2021.
- In collaboration with the product team, we improved feature release frequency to every 30 days from the previous average of 60 days in Q1 2022.
- Implemented agile management by introducing automated performance reporting by quarter in Q2 2022..
- Started an initiative to audit QA testing every three weeks to increase efficiency.

ACME INC.

FULLSTACK DEVELOPER

April 2018 – May 2020

- Guided and mentored 6 interns and 3 junior developers with 3 of the interns getting return offers.
- 100% of code sent to production with 95% test coverage.
- Launched a communications dashboard in Q3 2019, to visualize all issues and risks in a quarter.

SKILLS

Python

- Advanced proficiency in python server side language.

TensorFlow

- Experience with TensorFlow machine learning framework.

Hubspot

- Strong knowledge of Hubspot marketing automation for creating forms and email templates.

Docker

- Working knowledge of containerization and orchestration.
